NUMBER 105.

## WASHINGTON IS PREPARING JAP REPLY

President and Cabinet in Two Hour Session Discuss Form of Answer to Protests—Still Watching Johnson

### OFFICIALS FEAR RUMOR MONGERS

War and Navy Departments Get Strict Orders to Avoid Any Semblance of Military Activity; Japs Waiting

WASHINGTON, May 16.—The tentative draft of the reply of the United States to the Japanese protest against long legislation, prepared by John Bassett Moore, counselor of the state department, was considered for two hours today by the president and cabinet. No intimation of its nature was made public. Bryan positively refused to discuss either the proposed reply or the Japanese protest.

The secretary made statement depicting efforts to guess at the varying phases of official negotiations, declaring serious mischief might result and a satisfactory conclusion be retarded or prevented. He referred to the fact that his present position obliged him to reverse his usual attitude toward the public in the discussion of current issues.

There are intimations that the state department is awaiting final action by Governor Johnson on the alien land bill, either in the hope that at the last moment he might change his mind and veto the measure or more probably for the purpose of having approved the act as a basis for discussion. The Japanese government is likewise awaiting Governor Johnson's action with keenest interest, indicating another move forward in the negotiations as soon as the bill is signed.

While protesting against California legislation, Japan, so far, has suggested no remedy. That will be left entirely to the United States and it is believed here that even the idea of instituting proceedings to test the validity of the law may be abandoned. Meanwhile, taking their cue from the president's statement last night regarding military and naval movements, officials of both the war and navy departments today are endeavoring to avoid issuing orders, or statements that would contribute to the sensational reports of undue activities in their departments. A number of army officers have been ordered to Hawaii, but only to rejoin their commands in conformity with the law limiting the length of detached service that officers may have before resuming active duty.

At the navy department, Secretary Daniels positively denied any connection between the few naval maneuvers recorded in the last twenty-four hours and the Japanese situation. He took pains to point out that the departure yesterday from San Pedro for San Francisco of the big armored cruiser Maryland was simply a continuation of the tests being made by the vessel of Peacocks coal, which were arranged by the navy department a month ago. The Maryland will end its coal tests at San Francisco. The navy department stated that it did not intend to send any vessels from the Atlantic to the Pacific side of the continent at this juncture.

### SHAFFER MAY QUIT

Star Shortstop of Giants Fails to Show Up for Game

NEW YORK, May 16.—Arthur Shaffer, shortstop of the New York Nationals, failed to report at today's game with Pittsburgh and club officials believe tonight he will quit the team. He disappeared after the game yesterday, which was his last. It is learned he shipped his automobile back to his home in California two weeks ago.

### BISHOP CROSWELL DIES

NEW YORK, May 17.—Bishop Crosswell Doane, of the Albany diocese Episcopal church, died at 1 o'clock this morning.

### VILLA IN COMMAND

EL PASO, May 16.—Francisco Villa, has been named commander of the forces in Chihuahua state by Governor Carranza, of Coahuila, commander in chief of the insurgents, said advices received today by the El Paso insurgent committee.

## WAS POOR GUESSER? COURT UNSEATS HIM

Harry Schilling.

Just because he was a poor guesser, Harry Schilling, Socialist, has been compelled to give up the majority of Canton, Ohio, President McKinley's home town. Schilling ran against Art R. Turnbull, Democrat. The latter, after a tie vote, won the majority of making a successful guess as to whether there were an odd or even number of grains of corn in a jar. Later, the lower court seated Schilling. Now, the court of appeals has reversed the decision of the lower court and seated Turnbull, because he was the better guesser.

- SIX SAN FRANCISCO
- POLICEMEN INDICTED
- SAN FRANCISCO, May 16.—All but two of the eight policemen accused of consorting with gangs of miscreants and sharing the profits were indicted today for grand larceny and will be tried in the superior court on felony charges.
- Detective Sergeant Arthur McPhee and Detective Chas. Taylor are the men expected by grand jury in its findings.
- The men indicted are: Sergeant James McGowan, Policeman Frank Escala, William McHugh, Charles Joseph, John Sulivan and J. L. Droulette.

## QUARANTINE AT CANANEA

No Departures Permitted Unless Health Certificate Including Vaccination Within 15 Days, Can Be Shown

CANANEA, May 16.—(Special) Due to the presence of a number of cases of small pox in the city, a strict quarantine has been established. The last two days no departures have been permitted from the city, except that those leaving can show vaccination within the last fifteen days and produce physicians certificates of good health.

At the railroad depot notice is posted to above effect, and before selling a ticket out of the city the ticket agent demands presentation of physicians certificate from the applicant for passage. If unable to produce such certificate the applicant is turned away and must remain in the city until vaccinated and given the proper certificate from a physician.

It is stated that control is being acquired of the disease, although there are still cases developing and a large number under treatment. The trouble is in severe form and there have been some deaths. How many, the health department has not announced.

### RECLAMATION ROW.

Chief Engineer Claims Pecos Company "Unloaded" on Government

WASHINGTON, May 16.—Bitter exchanges between Chief Engineer A. H. Davis, of the reclamation service and Frank G. Tracy, former manager of the Pecos Irrigation company of New Mexico, marked Secretary Lane's reclamation hearing today at the interior department. The Pecos company, in Secretary Hitchcock's administration, sold its works to the government. Davis declared that "Tracy tried to unload something on the government that was worthless." Tracy demanded whether the engineer did it by questionable means. "I don't know the facts," he said, "but there is some evidence that you brought pressure to bear on the secretary that would involve a nice question of ethics."

## HUNT VETOES PENAL CODE AS PROMISED

Legislature Promptly Passes Measure, Nullifying Veto, by an Almost Unanimous Vote in House and Senate

### IN UPPER HOUSE HUGHES FOR VETO

Senator Worsley Declares the Question Is Whether Governor Shall Obey the Law Which He Swore to Enforce

PHOENIX, May 16.—(Special) Governor Hunt's veto of the Penal Code was sent to the legislature shortly after noon today and was nullified by the legislature. In the senate all members except Hughes, of Pima, voting to override, except Harrison Kinney and Lavin, who had departed for their homes.

In the house the vote was twenty-five yeas to Representatives Bradner, Brooks, Dunham, Kerr, Lewis and Wren and Excused Hall, Jacobson, Saxon, and Whipple, who had left for their home.

During the calling of the roll in both houses, several members declared they were in sympathy with the Governor's position, but voted against the veto that the penal statutes might be made operative. In his veto Governor Hunt reviewed the provision the legislature had written into the code which he could not approve and attributed such action on the part of the legislature to be a desire on part of those members supporting such to induce his resignation. He declared the situation brought clearly before the people what he characterized to be age-old struggle between special privilege and those who are loyal. His prison policy has been, he declared, lied about by agents of those seeking to tear down the democratic party. His policy, seeking to abolish capital punishment, he declared, was a vehicle to further fight his efforts for a better state government and it was the hope, so he declared, that enough loyal could be injected to shield the real instigators of a possible recall election. He invited his hidden enemies to try the recall and promised he would welcome the opportunity to go before the people on the issue involved.

It was intimated that a referendum on that section of the code in dispute, would be initiated if the bill was passed over the veto. In the senate, after the vote had been taken, Senator Worsley replying to his colleague Senator Hughes who alone supported veto, declared that the question of capital punishment and its abolishment was not the question the senate had just passed upon, but the real question was whether the governor of the state should obey the law. "It is a law of this state that when criminals have by a fair trial been convicted of crime and sentenced to death that they should be hanged. Let the governor execute the law, he has promised to enforce, or resign."

At 10 o'clock both houses voted on adjournment till morning. The tax levy bill being in disagreement. The situation may make possible revising the Frisco fair appropriation and the good roads bill, which the minority in the senate still held from consideration today.

### NEWS BUREAU BISBEE REVIEW ROOM 205, N. B. A. BLDG.

PHOENIX, May 16.—Following is a complete text of Governor Hunt's mine tax message to the Legislature, sent to that body on the day previous to the final adjournment of the Legislature is imminent and as yet no adequate law has been enacted to prescribe the method by which assessment and taxation of mining property may be undertaken by the State Tax Commission. I take the liberty of calling attention to the urgent need of such a measure by the operation of which equitable distribution of the tax burden among all classes of mines of all sizes, and in all localities, not less essential than in the equalization of taxation, full justice be done to all the people of Arizona and the owners of mines as well. With these objects in view, and with full realization of the depth and complexity of the economic problem involved in the fair assessment and collection of revenue from owners of mining properties, I believe that Senate Bill No. 3 offers in all its more prominent fea-

## LITTLE MISS POPULAR AT WHITE HOUSE

Mrs. James Wilson Howe and Daughter Virginia.

Miss Virginia Barton Howe, niece of President Woodrow Wilson, is one of the most important young persons in the White House. Her golden curls and blue eyes are seen everywhere around the house and grounds. Virginia is the only daughter of Mr. and Mrs. James Wilson Howe. Mr. Howe is the eldest son of Mrs. George Howe, a sister of the president.

## THAW BRIBERY CASE TO JURY

Last Day of Trial of Attorney Alleged to Have Offered Mattawan Head \$25,000 Shows Conflicting Evidence

NEW YORK, May 16.—Contradictory testimony as to whether a \$25,000 bribe was offered to Dr. John W. Russell, former head of Mattawan, to release Harry K. Thaw, was given by leading witnesses for the prosecution and defense today at the trial of John N. Anhalt, in the supreme court. Anhalt, a young attorney, is accused in an indictment of trying to purchase the freedom of Thaw, White's slayer. Testifying in his own defense Anhalt denied he ever offered a bribe to Russell or anyone else. For the prosecution Russell said he met Anhalt in this city November 22. The defendant said: "Doctor, I have \$25,000 here. Any part of this is yours if you discharge Thaw." Russell declined the offer, he testified, telling Anhalt his honor would be sacrificed if he accepted. Both sides rested today.

ures as good and reasonable a solution of the mine taxation question as can be secured in the time allowed and with the information available. This measure, in the form in which it now awaits approval by the Senate, and providing, as it does, for the assessment and taxing of mines on a basis of four times the net and twelve and one-half per cent of the gross, would serve practically to triple the revenues derived last year from the mines of the State, and while it is objected to by some mine owners as being unduly stringent, has not encountered, as I am informed, such strenuous opposition as would be directed against some of the less equitable methods of assessments and taxation which have been suggested. This bill does not, moreover, contrary to a system of assessment based solely on physical valuation, impose upon any of the low grade producers of copper any taxation burden disproportionate to that borne by the so-called high grade mines or vice versa. At the same time the measure greatly and justly enhances the revenue of the State, a consummation of which the urgent need is perfectly apparent. I would point out, furthermore, that the close of the period for making of assessments on property is only about a week distant, and that, consequently the necessity of a mine taxation enactment as an emergency measure is manifest. I, therefore, earnestly recommend the passage of Senate Bill No. 3 in its present form."

### NO STRIKE

SAN FRANCISCO, May 16.—The secretary of the Brewery Workers Union announced tonight there will be no strike in California, as the wage demands of the men who have been threatening a tie up of operations throughout the state, have been met by the California Brewer's association.

### MAY CALL OUT MILITIA

WHARTON, May 16.—Terrified by frequent use of dynamite stolen from the magazine of the Mount Hope mine of the Empire Iron and Steel Co., several hundred deputies, brought from Newark to protect the company's property here, refused tonight to remain in town. The withdrawal of the deputies left the mine district unguarded except for a few private detectives.

### ANTI-TRUST FIGHT

WASHINGTON, May 16.—James A. Fowler, asst. atty. general, will go to Boston Tuesday to assume personal direction of the civil anti-trust prosecution of the Shoe Machinery Co., which the government seeks to dissolve.

### NO BOYCOT YET

WASHINGTON, May 16.—The Brazilian government by decree, extended until the end of the current year the preferential treatment of American flour, cement and other articles.

## VIGOROUS PROTESTS AGAINST WITHDRAWALS

TUCSON, May 16.—Recommendations of Secretary Bryan to Secretary Lane that patents be land in basin of the Colorado river and its tributaries be withheld pending conclusion of treaties between the U. S. and Mexico, over water of the Colorado, has aroused protest throughout southern Arizona. City and county officials and commercial bodies have been sent to Arizona senators at Washington, voluminous objections to the carrying out of Bryan's suggestion. It is declared such a course will entail great loss to thousands of homesteaders throughout Arizona and retard development of millions of acres of land.

## WORK BEGINS ON CAMPAIGN

Democrats Already Making Plans for 1914-1916; Work Education, Through Press, Will Be Nation-Wide.

WASHINGTON, May 16.—The campaign for democratic supremacy at the polls in 1914 and 1916 was opened today when the executive campaign committee of the democratic national committee discussed preliminary plans. The committee agreed to permanent headquarters at Washington, organization of an educational campaign and harmonious co-operation with the democratic congressional committee with a continuous militant organization from now until after the next presidential election. Representative A. Mitchell Palmer, caucus chairman of the house, and recognized president and spokesman of that body, was made chairman, and Rolla Wells, of St. Louis, treasurer, of the democratic national committee. At the permanent headquarters, Thomas B. Pence, of North Carolina, the correspondent who conducted the Wilson press campaign, will be in charge as manager of publicity. Plans were agreed to today that contemplate the sending of democratic letters from Washington to approximately 10,000 weekly newspapers and 2,000 clubs. The committee, according to Pence, called at the White House this afternoon and explained the plans of the educational campaign to President Wilson, who voiced heartiest approval.

## STRIKE RIOT IN CINCINNATI

Mob Attempts to Stop Street Car Traffic; Three Injured and 26 Arrested; Settlement Plan Unsuccessful

CINCINNATI, May 16.—Two men and a youth were slightly injured and 26 men were arrested this afternoon, charged with disorderly conduct, as the result of an attempt to interfere with operation on lines of the traction company, whose employees are on strike.

The demonstration occurred in the heart of the business district. It was precipitated by boys overturning a large garbage can in front of a Clifton car. A large crowd assembled to witness the parade of labor unions in sympathy with the strikers, when it was rumored the motorcade of the car struck a boy with a club and a violent demonstration started. Mounted police rode into the crowd, rescued the crew of the car, drove the mob back to the sidewalks. No shots were fired but missile of various kinds were thrown. In the afternoon, hundreds congregated about the scene and booted non-union employees. From time to time police arrests of more violent members of the crowd. Attempts were made to interfere with the running of cars by blocking the tracks with wagons, but traffic officers kept the right of way clear. As darkness approached cars were withdrawn and the strike began. Mayor Hunt and officials of the business organizations have made unsuccessful attempts to bring about settlement of the strike.

### CHURCHMEN UNITE

ATLANTA, May 16.—For the first time in the history of Presbyterianism, four grand divisions of the church, northern, southern, united and associated reformed, joined late today in convention in communion service.

### METAL MARKET

NEW YORK, May 16.—Copper firm, electrolytic fifteen eighty-seven, six-

## OPEN TARIFF DISCUSSION VOTED DOWN

Steam Roller Appears in Senate When Penrose Amendment Is Killed by Vote of 41 to 36; Democrats Bolt

### BILL GOES TO THE FINANCE COMMITTEE

Smoot Predicts Tariff Bill Will Put Democrats Out of Power for Quarter Century—Committee Report June 1

WASHINGTON, May 16.—Democratic leaders in the senate endorsed late today the determination to refer the Underwood Tariff bill to the finance committee for consideration without public hearings. The Penrose-LaFollette amendment directing that public hearings be held was defeated by a vote of 31 to 65 and the motion of Senator Simmons to refer the bill was then passed without recall. Two democrats, Senators Ransdell and Thornton of Louisiana, voted for the republican amendment. Senator Poindexter of Washington, progressive, voted with the majority. Jones, of Washington, republican, who had determined to vote against public hearings, announced just before roll call that he had changed his mind because the finance subcommittee are devoting private hearings to some interests he thought should be public.

The closing day of the debate on the issue of hearings was enlivened by discussion of the democratic platform and its bearing on free sugar by Senator James of Kentucky, who vigorously defended the stand of the president for free sugar and declared the party stood for free sugar and defied the Louisiana senators to show that Wilson ever said he opposed free sugar. Senators Smoot, LaFollette and Clark wound up the debate in behalf of the public hearing amendment, Smoot predicting the democratic party will be put out of power for another quarter of a century as the result of the tariff bill. LaFollette urged democrats to court the open door policy. "The edict has gone forth," said Clark, "that a real vote on this tariff bill will be taken here and not as in the house, where it was taken in secret caucus. I know there are democrats here who do not believe the bill just and righteous, altogether who are willing to bow their heads to office."

Newlands, of Nevada, spoke briefly on the sugar schedule, protesting against sacrificing sugar production in this country to Cuba. The finance committee will meet next week to hear reports from committees engaged in consideration of various schedules. Chairman Simmons hopes to report the bill to the Senate by June 1.

### THE ROPED ARENA

NEW YORK, May 16.—The Gibbons brothers, Mike and Tom, St. Paul middleweights, outpointed Jack McCarron, of Philadelphia, and Young Mike Donahue, of this city, respectively in 10 round bouts at Madison square garden tonight.

### NEAR K. O. FOR WELSH

WINNIPEG, May 16.—Fredie Welsh, English lightweight champion, all but knocked out Jack Redmond, of St. Paul, in a lively 12 round bout tonight. Welsh forced the fighting in every round and won all the way.

### KARTYE WINS

OGDEN, May 16.—Ernest Kartye, of Chicago, defeated Henry Irellinger, champion middleweight wrestler of Europe, on straight falls. Mike Yoel, champion of the world, has agreed to meet Kartye for the title.

### CHICAGO BOUTS

SAN FRANCISCO, May 16.—Jack White, the Chicago lightweight, fought four fast rounds in a draw tonight with Tommy McFarland, a local boxer. Young Abe Artell and Sally Salvadoro, also fought to a draw for four rounds.

### TO SHOOT HUERTA

EAGLE PASS, May 16.—Carranza issued today a decree directing that the law of January 25, 1912, popularly known as the "law of Maximilian," be enforced against Huerta and his associates when captured. The law provides that any person making an attempt on the life of the chief magistrate of the republic and his ministers engaging in seditious uprising against the legal authorities or inviting invasion of foreign troops shall suffer the penalty of death. Under this law Maximilian was executed.
